

*Journal of*  
**MEDICAL  
GENETICS**

**Review article**

409 The genetics of idiopathic torsion dystonia *N A Fletcher*

**Original articles**

413 Recombination or heterogeneity: is there a second locus for adult polycystic kidney disease? *R G Elles, A P Read, K A Hodgkinson, A Watters, R Harris*

418 Genetic heterogeneity in tuberous sclerosis: phenotypic correlations *I M Winship, J M Connor, P H Beighton*

422 Possible genetic heterogeneity in X linked hypohidrotic ectodermal dysplasia *J Goodship, S Malcolm, A Clarke, M E Pembrey*

426 Prenatal identification of a girl with a t(X;4)(p21;q35) translocation: molecular characterisation, paternal origin, and association with muscular dystrophy *S E Bodrug, J R Roberson, L Weiss, P N Ray, R G Worton, D L Van Dyke*

433 No evidence for genetic linkage of Gilles de la Tourette syndrome on chromosomes 7 and 18 *P Heutink, B J M van de Wetering, G J Breedveld, J Weber, L A Sandkuyt, E J Devor, A Heiberg, M F Niermeijer, B A Oostra*

437 Chromosomal radiosensitivity of lymphocytes from Alzheimer's disease patients *S E Tobi, J E Moquet, A A Edwards, D C Lloyd, R F Itzhaki*

441 Cancer family syndrome: cytogenetic investigations, in vitro tetraploidy, and biomarker studies in a large family *G Guanti, F Susca, G Cristofaro, M L Caruso, S Massari, R Porsia, A Stella, I Giorgio*

446 EL BUSCA and the value of signals in the diagnosis of dysmorphic syndromes: good and bad handles in computer assisted differential diagnosis *L J Salgado, J S Lopez-Camelo, E E Castilla*

**Hypothesis**

451 Mitochondrial genome: defects, disease, and evolution *A Clarke*

**Syndrome of the month**

457 The Townes-Brocks syndrome *M O'Callaghan, I D Young*

**Case reports**

462 Ring chromosome 7 in a man with multiple congenital anomalies and mental retardation *C P Koiffmann, A Diament, D H de Souza, A Wajntal*

465 Smith-Lemli-Opitz syndrome II: a disorder of the fetal adrenals? *P A McKeever, I D Young*

467 Microspherophakia-metaphyseal dysplasia: a 'new' dominantly inherited bone dysplasia with severe eye involvement *A Verloes, L Van Maldergem, P de Marneffe, J-L Dufier, P Maroteaux*
