

Contents

Familial polyposis coli: heterogeneous polyp expression in 2 kindreds H. T. LYNCH, P. M. LYNCH, KAREN L. FOLLETT, AND R. E. HARRIS *page 1*

Neural tube malformations: complex segregation analysis and calculation of recurrence risks J. M. LALOUEL, N. E. MORTON, AND J. JACKSON *page 8*

Sib risk of neural tube defect: is prenatal diagnosis indicated in pregnancies following the birth of a hydrocephalic child? TIRZA COHEN, ELLEN STERN, AND ADA ROSENMAN *page 14*

Familial caudal regression anomalad and maternal diabetes JANET M. STEWART AND S. STOLL *page 17*

Tissue typing amniotic fluid cells: potential use for detection of contaminating maternal cells M. NIAZI, D. V. COLEMAN, J. F. MOWBRAY, AND S. BLUNT *page 21*

Inbreeding effects on fertility and sterility in southern India P. S. S. RAO AND S. G. INBARAJ *page 24*

Tuberous sclerosis: possible modification of phenotypic expression by an unlinked dominant gene A. R. RUSHTON AND B. A. SHAYWITZ *page 22*

Classification and identification of inherited brachydactylies NAOMI FITCH *page 36*

Recessive anonychia totalis and dominant aplasia (or hypoplasia) of upper lateral incisors in the same kindred N. FREIRE-MAIA AND MARTA PINHEIRO *page 45*

Serum creatine kinase levels in normal females R. K. SATAPATHY AND ROSALIND SKINNER *page 49*

β -thalassaemia: increased chromosomal anomalies in lymphocyte cultures G. B. CÔTÉ AND S. PAPADAKOU-LAGOYANNI *page 52*

Meiosis in two human reciprocal translocations C. SAN ROMÁN, MARIA TERESA SORDO, AND J. M. GARCIA-SAGREDO *page 56*

Familial partial 14 trisomy J. Q. MILLER, KATHRYN WILLSON, H. WYANDT, MARY AGNES JARAMILLO, AND T. S. MCCONNELL *page 60*

Abnormal children of a 47,XYY father C. STOLL, E. FLORI, A. CLAVERT, D. BESHARA, AND P. BUCK *page 66*

Case reports:

Extra small metacentric chromosome identified as i(18p) M. ROCCHI, M. STORMI, NICOLETTA ARCHIDIACONO, AND G. FILIPPI *page 69*

Familial dicentric translocation t(13;18) (p13;p11.2) ascertained by recurrent miscarriages A. DANIEL, I. D. PETERLIN, A. J. CLARKE, AND TONI SAVILLE *page 73*

The 9p— syndrome S. J. FUNDERBURK, R. S. SPARKES, AND IVANA KLISAK *page 75*

Variation in chromosome 19 H. A. GARDNER AND E. MARTHA WOOD *page 79*

Book reviews *page 81*

Announcement *page 84*
