

Clinical Genetics Society

Posters available during various breaks, 18/19 September 1980

- (1) Regional mapping of phosphoglycolate phosphatase (PGP), diaphorase-4 (DIA-4), and adenine-phosphoribosyl transferase (APRT) on chromosome 16 using somatic cell hybrids R BARG, L GLASGOW, M STONE, AND M A FERGUSON-SMITH (GLASGOW)
- (2) Mapping the structural gene for galactose-1-phosphate uridyl transferase (GALT E.C 2.7.7.12) by linkage to pericentric inversions and heteromorphisms of chromosome 9 J S PATERSON, D A AITKEN, H J JACKSON, AND M A FERGUSON-SMITH (GLASGOW)
- (3) Characterisation by scanning electron microscopy of cell types in amniotic fluid cultures C J HARRISON AND R HARRIS (MANCHESTER)
- (4) Scanning electron microscopy of human metaphase chromosomes C J HARRISON AND R HARRIS (MANCHESTER)
- (5) Three cases of mosaicism in amniotic fluid cell cultures C BRANDRETH, J TRACEY, AND D DONNAI (MANCHESTER)
- (6) Satellite associations and cell division H AL-KHATIB AND D COUZIN (ABERDEEN)
- (7) C band polymorphism T BROWN AND F W ROBERTSON (ABERDEEN)
- (8) Prenatal diagnosis in Aberdeen 1973-1980 ABERDEEN CYTOGENETICS LABORATORY
- (9) Four case reports ABERDEEN CYTOGENETICS LABORATORY
- (10) Compensation in satellite associations J L WATT, S HUBBARD, AND G S STEPHEN (ABERDEEN)
- (11) Smoking and sister chromatid exchange A R WHITEHEAD (ABERDEEN)
- (12) Triploidy from dispermy s PROCTER (ABERDEEN)
- (13) Associations in supernumerary chromosomes O ARCIA (ABERDEEN)
- (14) Apoprotein E polymorphism in man A M CUMMING AND F W ROBERTSON (ABERDEEN)
- (15) Correlations between relatives for satellite association frequency D P FOX AND M Y YIP (Aberdeen)
- (16) Some dermatological genetic problems B N DALY, A W JOHNSTON, AND R A MAIN (ABERDEEN)
- (17) Menkes disease E MCKAY (ABERDEEN)
- (18) Myotonic dystrophy in childhood A W DOWNIE (ABERDEEN)
- (19) Antithrombin III deficiency J WINTER AND M MACKIE (ABERDEEN)
- (20) HLA and disease A M MACLEOD, R J MASON, AND G R D CATTO (ABERDEEN)
- (21) Pycnodysostosis K L G MILLS (ABERDEEN)
- (22) Chondroplasia punctata K P WARD, D J LLOYD, AND E J STOCKDALE (ABERDEEN)
- (23) Amniotic fluid acetylcholinesterase: retrospective and prospective results with the qualitative test S J FENNELL, A P READ, AND R HARRIS (MANCHESTER)
