

## Contents

Editorial *page* 321

Periconceptional vitamin supplementation and the prevention of neural tube defects in south-east England and Northern Ireland M J SELLER AND N C NEVIN *page* 325

The femoral hypoplasia-unusual facies syndrome J BURN, R M WINTER, M BARAITSER, C M HALL, AND J FIXSEN *page* 331

Hereditary coproporphyrin: incidence in a large English family J ANDREWS, H ERDJUMENT, AND D C NICHOLSON *page* 341

Anencephaly: a retrospective analysis in Singapore, 1976 to 1980 K C TAN, S S RATNAM, S R KOTTEGODA, AND S M M KARIM *page* 350

Autosomal recessive severe congenital microcephaly: antenatal ultrasonographic diagnosis and head growth from 15 to 24 weeks of gestation A SCHINZEL AND M LITSCHGI *page* 355

Antenatal diagnosis of mucopolysaccharidosis type I (Hurler's disease) is not possible by electron microscopy of uncultured amniotic fluid cells G HUG, S SOUKUP, G CHUCK, AND M RYAN *page* 359

Genetic heterogeneity in the Freeman-Sheldon syndrome: two adults with probable autosomal recessive inheritance J S FITZSIMMONS, V ZALDUA, AND A R CHRISPIN *page* 364

Parietal foramina in Saethre-Chotzen syndrome E M THOMPSON, M BARAITSER, AND R D HAYWARD *page* 369

Technical note: Deleted X chromosomes in patients with the fragile X syndrome M FITCHETT AND M SEABRIGHT *page* 373

Abstracts of the scientific meeting of the Association of Clinical Cytogeneticists held at the Institute of Child Health, London, on 2 and 3 May 1984 *page* 374

### Case reports

Biannual alphafetoprotein concentration in twins, one with multiple malformations J HUBER, P WAGENBICHLER, AND F BARTSCH *page* 377

A familial insertion involving an active nucleolar organiser within chromosome 12 J L WATT, D A COUZIN, D J LLOYD, G S STEPHEN, AND E MCKAY *page* 379

Partial trisomy 16 as a result of familial 16;20 translocation E V DAVISON AND J R BEESLEY *page* 384

A malformed girl with duplication of chromosome 9q Y NAKAHORI AND Y NAKAGOME *page* 387

Familial centric fission of chromosome 4 G DEL PORTO, C DI FUSCO, M BALDI, P GRAMMATICO, AND E D'ALESSANDRO *page* 388

Mosaic Down's syndrome with de novo 45,XX,-21,-22,+t(21q;22q)/46,XX,-21,+t(21q;21q) rearrangement A T THARAPEL, R REDHEENDRAN, C B MANKINEN, AND M K KUKOLICH *page* 391

### Short reports

Pericentric inversion inv(3)(p11q21) F S SPEDICATO, A DICOMITE, AND R GAUDIO *page* 396

A case of 2-methylacetoacetyl CoA thiolase deficiency with coincidental chromosome abnormalities R G F GRAY, G W LOWTHER, J M LITTLEWOOD, B MIDDLETON, AND M J BENNETT *page* 397

Freeman-Sheldon (whistling face) syndrome in a Turner mosaic M BAJAJ AND L MEHTA *page* 398

Interstitial deletion of chromosome band 13q14 associated with squamous cell carcinoma M FITCHETT, R G DOWNING, D A HOPKINSON, AND A C BAYLEY *page* 399

Ring chromosome 1 associated with radial ray defect R J M GARDNER, R M GRINDLEY, W E CHEWINGS, AND J E CLARKSON *page* 400
