Original articles

The calcitonin-CGRP gene in the infantile hypercalcaemia/Williams-Beuren syndrome G A HITMAN, L GARDE, W DAOUD, G J A I SNODGRASS, AND R D COHEN *page 609*

The molecular basis of β thalassaemia in Bulgaria L KALAYDJIEVA, A EIGEL, AND J HORST *page 614*

A summary of 7q interstitial deletions and exclusion mapping of the gene for β -glucuronidase K FAGAN, A GILL, R HENRY, I WILKINSON, AND B CAREY *page 619*

Alternate centromere inactivation in a pseudodicentric (15;20)(pter;pter) associated with a progressive neurological disorder H RIVERA, O ZUFFARDI, P MARASCHIO, A CAIULO, C ANICHINI, R SCARINCI, AND R VIVARELLI *page 626*

Transient nephrotic syndrome after anaesthesia resulting from a familial cryofibrinogen precipitating at 35°C Y LOLIN, P A RAZIS, P O'GORMAN, M HJELM, AND A S WIERZBICKI *page 631*

Syndrome of the month Emery-Dreifuss syndrome A E H EMERY *page 637*

Case reports

Familial mental retardation associated with balanced chromosome rearrangement rcp t(8;11)(q24.3;p15.1) H SATO, K TAKAYA, S NIHIRA, AND H FUJITA *page 642*

A new interstitial deletion of 4q (q21.1::q22.1) K FAGAN AND A GILL *page 644*

Cat eye syndrome associated with aganglionosis of the small and large intestine J WARD, I A SIERRA, AND E D'CROZ *page 647*

A single maxillary incisor as a manifestation of an ectodermal dysplasia I BUNTINX AND M BARAITSER *page 648*

Interstitial deletion, del(4)(q33q35.1), in a mother and two children M A CURTIS, R A SMITH, J SIBERT, AND H E HUGHES *page 652*

Maternal translocation (9;18) with two abnormal offspring each with different chromosome derivatives M PEARSON, C RISKE, AND J E ALLANSON *page 655*

Central nervous system malformations in Mohr's syndrome W REARDON, M G HARBORD, M A HALL-CRAGGS, B KENDALL, E M BRETT, AND M BARAITSER *page 659*

Dysmorphology reports

Unknown syndrome: congenital heart disease, ptosis, hypodontia, and craniosynostosis L MEHTA, I LEWIS, AND M A PATTON *page 664*

Unknown syndrome in sibs: microcephaly, seizures, mental retardation, congenital heart disease, and skeletal abnormalities G E HOLMES AND R N SCHIMKE *page 665*

Short report

Updated results of the thalassaemia prevention programme carried out in Latium I BIANCO, B GRAZIANI, M LERONE, D PONZINI, M C ALIQUO', AND E FOGLIETTA *page 667*
