

Journal of

MEDICAL GENETICS

Original articles

- 729 Alagille syndrome and deletion of 20p *F Anad, J Burn, D Matthews, I Cross, B C C Davison, R Mueller, M Sands, D M Lillington, E Eastham*
- 738 A 90 kb DNA deletion associated with neurofibromatosis type 1 *M Upadhyaya, A Cheryson, W Broadhead, A Fryer, D J Shaw, S Huson, M R Wallace, L B Andersen, D A Marchuk, D Viskochil, D Black, P O'Connell, F S Collins, P S Harper*
- 742 Classical phenylketonuria in Bulgaria: RFLP haplotypes and frequency of the major mutations *L Kalaydjieva, B Dworniczak, C Aulehla-Scholz, I Kremensky, J Bronzova, A Eigel, J Horst*
- 746 Two brothers with heart defects and limb shortening: case reports and review *W Reardon, J Hurst, T I Farag, C Hall, M Baraitser*
- 752 Dilemmas in counselling: the EEC syndrome *K Tse, I K Temple, M Baraitser*

Syndrome of the month

- 756 Hydroletharus syndrome *R Salonen, R Herva*

Medical genetics around the world

- 760 Medical genetics in South Africa *T Jenkins*

Case reports

- 780 Anaphase lag as the most likely mechanism for monosomy X in direct cytotrophoblasts but not in mesenchymal core cells from the same villi *M B Qumsiyeh, A T Tharapel, L P Shulman, J L Simpson, S Elias*
- 782 Tetraploidy in a liveborn infant *I López Pajares, A Delicado, A Diaz de Bustamante, A Pellicer, I Pinel, M Pardo, M Martin*
- 784 Normal growth and development in a child with Baller-Gerold syndrome (craniosynostosis and radial aplasia) *P Galea, J L Tolmie*
- 788 Nasopharyngeal teratoma ('hairy polyp'), Dandy-Walker malformation, diaphragmatic hernia, and other anomalies in a female infant *D J Aughton, C T Sloan, M P Milad, T E Huang, C Michael, C Harper*
- 791-792 Letters to the Editor • Book review
- 793 Index
