

Keeping readers at the forefront of this rapidly advancing field

THE AMERICAN JOURNAL OF

# HUMAN GENETICS

**Published monthly for the American Society of Human Genetics by the University of Chicago Press**

Since 1948 *The American Journal of Human Genetics* has provided an authoritative record of research and review relating to human heredity. The *Journal* focuses on applications of genetic principles in medicine, psychology, physical anthropology, and social services and on relevant areas of molecular and cell biology. Your annual subscription to **AJHG**, including approx. 2,300 pages, features

- original research articles, all peer-reviewed, most appearing 11–13 weeks after final acceptance
- critical commentaries, review articles, and book reviews
- a quarterly section on Human Genetics Education, including reports on instructional innovations and reviews of teaching materials
- announcements of conferences and employment/fellowship opportunities

Researchers and clinicians in the biomedical sciences will find in **AJHG** the rapid progress and scientific rigor that characterize this field

**Editor: Peter H. Byers, M.D., University of Washington, Seattle**

**One-year subscription rates:** Nonmember individuals and institutions \$275.00. Student subscriptions available only as members of the American Society of Human Genetics (See below). Outside USA add \$24 for surface postage. Subscriptions entered on a calendar-year basis only. Visa and MasterCard payments accepted. To order send check, purchase order, or complete credit card information to The University of Chicago Press, Journals Division, Dept. SF5FA, P.O. Box 37005, Chicago, IL 60637, USA.

**American Society of Human Genetics:** Membership in the society includes a subscription to **AJHG**. For membership information, please write to the American Society of Human Genetics, Administrative Office, 9650 Rockville Pike, Bethesda, MD 20814, USA.

## WANT TO GET YOUR PAPERS PUBLISHED?

### Read this first!

**How to Write a Paper** tells you all you need to know to get a paper accepted for publication. Edited by George M Hall, with contributions from editors of international journals such as the *BMJ*, *British Journal of Anaesthesia* and *Cardiovascular Research*, it explains in refreshingly direct style what journal editors are looking for in a good paper.

#### Contents cover:

- How to approach the various sections of a scientific paper – abstract, introduction, methods, results, discussion, and references
- How to write case reports and reviews
- The publishing process – the role of the editor, assessor, publisher, house style and electronic publishing
