Contents

Editorial
73 Editorial: JMG in 2021
H Dorlens

Cancer genetics
74 Uptake of pre-symptomatic testing for BRCA1 and BRCA2 is age, gender, offspring and time-dependent

79 Identifying novel oncogenic RET mutations and characterising their sensitivity to RET-specific inhibitors
Z Zhao, F Fu, J Cato, Y Xie, X Wu, W Chen, X Li, R Yu, Y W Shao, M Li, Y Yao

Neurogenetics
87 Evidence for polygenic and oligogenic basis of Australian sporadic amyotrophic lateral sclerosis
E P McCann, L Hendon, J A Fifita, K Y Zhang, N Goma, D C Bauer, S Chan, MZ Fu, N A Twine, R Pampellett, M C Kieran, D B Rowe, K L Williams, J P Blair

Genotype-phenotype correlations
96 A HIPOR2 in-frame deletion is a frequent and highly penetrant cause of adult-onset hearing loss

February 2021 Volume 58 Issue 2

Novel disease loci
106 Mutation in CATIP (C2orf62) causes oligotertoatoasthenozooospermia by affecting actin dynamics
M Arafat, A Harlev, J Har-Vardi, E Levitas, T Priel, M Gershoni, C Searby, V C Sheffield, E Lunenfeld, R Parvari

Copy-number variation
116 15q11.2 deletion is enriched in patients with total anomalous pulmonary venous connection
X Li, C Shi, Y Li, X Zhang, Y Xiang, T Wang, Y Li, H Chen, Q Fu, H Zhang, B Wang

Diagnostics
125 Homozygous hypomorphic BRCA2 variant in primary ovarian insufficiency without cancer or Fanconi anaemia trait
S Cabrera, A Helder, D Dardillac, H Creux, M Lambert, S Messiaen, S Tourpin, G Livera, B S Lopez, M Missiak

Position statement
135 UKCGG Consensus Group guidelines for the management of patients with constitutional TP53 pathogenic variants
H Hanson, A F Brady, C Crawford, R A Eeles, S Gibson, M Jorgensen, L Izatt, A Schairb, M Tschekowitz, D E Evans, Consensus Group Members

Developmental defects
140 Autosomal dominant polycystic kidney disease in absence of renal cyst formation illustrates genetic interaction between WT1 and PKD1
J Münch, K M Kirschner, H Schlee, C Kraus, R Schützer, W Jin, D Le Duc, H Scholz, J Halbritter
